Superintendent, SBCUSD

THEODORE ALEJANDRE
Superintendent, S.B. County Schools

Nature Ends One Drought and Your Generosity Can End Another

Spring has sprung! As we have moved into the month of April, we have transcended the winter months and the vernal equinox and are charging forward to summer. It seems that the phenomenon of El Niño that was predicted to seriously dampen us a year ago waited until this winter season to bless us! We had a significant and substantial amount of rain to put a dent in the drought status we have struggled with in recent years. Baseball season has opened, with the Dodgers and Angels looking for good performances. We are looking forward to the end of the bankruptcy era with great hope for the future!

President's Message
by Clifton L. Peters III

Another aspect of summer approaching is the fact that it coordinates with our Annual Members' Meeting, this year to be held on Wednesday, June 21 in the Kellogg Rooms of our Feldheym Library; please mark that date on your calendar NOW! We expect to present a field of guests, bringing together a mixture of generations to reflect a variety of present-day perspectives on the functionality of a city library. What is it about a library that interests and excites a child of age 5, or a child of age 10, and so-on up to the senior age of 70 plus? Different perspectives and different mediums of using and enjoying library resources are in play for any age, yet all intended to benefit the particular library user. Please join us at our annual meeting if there is any way you can, so that we can share personal contact!

As always, the city library system is so vitally dependent upon our Foundation to financially support them, and the Foundation, in turn, is so vitally dependent upon you, its wonderful members, to support the Foundation through your so-generous donations. Thank you for your continuing support!!

San Bernardino City Library Foundation Donors

We acknowledge with gratitude all of the donors who supported the SBCL Foundation from May 2016 to May 2017. With these generous gifts, the Foundation is able to continue its support of our libraries.
